C1**

Digital Colour Printer

Setting new standards in image quality and performance for printing and proofing

Re-think your perceptions of digital colour printing with the new imagePRESS C1. Next generation technology ensures outstanding image quality and stability for digital colour printing that compliments offset production runs.

14 pages
per minute

Colour production at 14 ppm with 1200 dpi with 256 graduations for **exceptional image quality.**

1200 dpi
with 256
graduations

Offers printing and proofing on a wide variety of media sizes up to 13" x 19" – including a range of **coated and uncoated stocks.**

For easy operation the imagePRESS C1 incorporates a large, **easy to read, touch-screen LCD control panel.**

Automatic calibration and control systems provide **outstanding colour stability and consistency.**

Outstanding
image
quality

**The imagePRESS C1
- excellence in digital
colour printing and
proofing**

Unparalleled business opportunities:

Exceptional image quality and flexible media handling ensures the imagePRESS C1 works in many ways for your business. From proofing, to short run, to print on demand, even variable data printing. **It's the digital device to open new opportunities.**

New V-Toner, E-Drum and T-Developer offer outstanding image quality and stability day after day.

An oil-less fusing system provides the look and feel of an offset print.

oil-less fusing

Feeding capabilities

Combine hardcopy in your digital workflow with the Duplex Automatic Document Feeder. Or use the optional Paper Deck Lite to add high capacity feeding to your process.

Incorporates professional finishing capabilities:

Saddle
Stitch

Standard
punching

Stapling
